## HUSSAR WILL USE CALGARY ELECTRIC POWER

Ratepayers Vote to Accept Offer of Calgary Power Co.

HUSSAR, Oct. 17.—On Thursday evening of last week the village council voted in favour of rate payers for the purpose of discussing several matters of importance. After serious consideration a resolution was passed recommending that the council accept the offer of the Calgary Power Co. to supply current to the village at a reasonable price. It was also decided that Hussar will have street lights as well as electric service in business places and residences.

It was also decided to accept the invitation of the Wayway Board of Trade to be present at the opening of the night school from 7 p.m. to 9 p.m. at the Municipal Auditorium, and arrangements were made to procure cars for all who wished to go.

Another resolution was passed recommending that the council look into the matter of a chemical engine for protection. It was also recommended that all the business places should provide their own protection at once if they had not already done so.

The question of having a curling rink was discussed, but no definite action taken. Reeve A. G. Gilligan was in the hair, and Ed. Stiles was secretary for the meeting.

Mrs. Mrs. Jacob Alton were guests of Mr. and Mrs. W. C. Resor on Sunday.

Sgt. Caskey of Bassano, and Const. Volk, of Gleichen, were in Hussar on Tuesday.

Mr. Currie was here from Bassano on Tuesday.

Mr. Sterling, manager of the Standard Bank at Wayne, was in Hussar recently.

A number of the young people attended the dance at Chancellor on Friday, and some went on to the dance at Rockford.

There have been many in the week, there is not much hunting being done. Several hunting rigs began to appear Monday.

Mr. and Mrs. John Hinch, Mr. and Mrs. Frank Farley, W. D. Moffat and family, and Gordon Leducrane were among those who went to Makapee for the turkey supper Monday evening.

Hans Brown and family attended the special church services at the Makapee school house Sunday afternoon.

Blaine Squires, a former resident of this district, has purchased a farm near Okotoks where he will make his home.

Mr. R. H. Brown, of Acre, and Miss Zena Bell, motored over to Hussar on Saturday to visit Mr. and Mrs. E. J. Bell. On Sunday they and Mrs. and Mrs. Bell, Jason and Margaret, attended the dance. Due to a re-union of old players at the home of Dr. and Mrs. W. G. Anderson.

Since the new parking signs were erected automobiles must park in the centre of the street, a great improvement over the old way. Mrs. Reeves returned to Hussar on

## LOCAL GIRL WINS BRONZE MEDAL

Announcement has just been made on Edmonton of the winners of the governor general's bronze medals for the Province of Alberta. These are awarded each year to the highest standing in the departmental examinations.

The 1928 medal for Bassano inspector was won by Jean Plume with an average well over 80 per cent.

Dr. McLean, Mayor of Calgary, was a Thursday visitor of the Colony, still interested in the cholera trouble at Gruen.

Sorry to hear Sherry Przyberek left on Tuesday for Montana. No doubt he will be with us again in the spring as rumors say he is returning with his wife.

Quite a number of the young children in the colony were entertained to a birthday party when Mrs. R. Robson recently celebrated the birthday of her youngest daughter, Iris.

Some members of the community journeyed to Wintergreen Hills on Sunday last and gave Mr. and Mrs. Jones a pleasant surprise visit.

Rev. J. Maguire, of St. Patrick's B. C. Mission, Leethbridge, left the district on Friday after enjoying a happy holiday the guest of his brother, T. L. Maguire and Mrs. Maguire.

Mr. and Mrs. Clarke Vile returned recently from Makapee where they have been honeymooning during the past (two weeks). Welcome home, newly wedded.

Ben Gray is in Calgary on a business trip.

Mr. and Mrs. Leslie Douglas and children are enjoying a short holiday in Calgary.

Mr. and Mrs. H. Schreiber recently received a telegram from Washington announcing the death of Charles Schreiber, brother to Henry, in the Wilber Hospital. Charlie Schreiber was well known in this district, having farmed here for years, and his many friends extend their sympathy to his widow, Mrs. M. H. Schreiber in the loss of their brother.

We hear the community is about to lose one of its oldest members and his son, E. J., who has been owing to health reasons, has decided to leave the farm for at least twelve months and reside in Medicine Hat.

The community is sorry to lose the Jaehrauses who have always been willing to do their best to help in any effort that was for the good of the town.

Miss Saunders and Mr. Goaling were Saturday afternoon visitors of Mrs. Keeling.

Mr. and Mrs. Grieves had a visit from Mr. Grieves' brother and his wife, who are in E. J. town.

Some time ago Mr. and Mrs. Mabel Miller have been making annual trips east to visit their "girl friend." The old truck didn't have enough speed so he got a new one.

Rosemary friends send congratulations to Eddie Downs and bride.

Some time ago we mentioned the dance at Makapee. Last Friday they and Mrs. and Mrs. Bell, Jason and Margaret, attended the dance. Due to a re-union of old players at the home of Dr. and Mrs. W. G. Anderson.

Since the new parking signs were erected automobiles must park in the centre of the street, a great improvement over the old way.

Mrs. Reeves returned to Hussar on

## Gem News

GEM, Oct. 17.—Mrs. J. Royer spent a pleasant weekend and the rest of Mrs. Royal Burrows, of Coopers.

Mr. and Mrs. Pete LeGrande and children are visiting at the home of Mr. and Mrs. John Royer.

Mr. and Mrs. Pollock and Mr. and Mrs. Miller enjoyed a pleasant weekend at Mrs. S. Schleicher.

Dr. McLean, Mayor of Calgary, was a Thursday visitor of the Colony, still interested in the cholera trouble at Gruen.

Sorry to hear Sherry Przyberek left on Tuesday for Montana. No doubt he will be with us again in the spring as rumors say he is returning with his wife.

## Crowd Enjoys Turkey Supper At Makapee

One of the more successful affairs ever put on in the Makapee school was that held last Monday evening Oct. 15th, when the ladies of the district gave a turkey supper for the benefit of the Sunday School.

There were 150 diners at the dinner, which was a great success, and the money raised will be used for the benefit of the school.

The supper was excellent—roast turkey, undercrust vegetables, gravy, biscuits, etc.

The meal was 4 credit to the culinary art of the ladies, and everyone praised the high quality of food, and the tasty manner in which it was served.

It is estimated that many people from all parts of the Makapee district there were a large number of visitors, from Bassano, Hussar, and Crowfoot, and it kept the ladies busy from 7 o'clock till 9 serving the crowd.

Following the supper a presentation was made to Rev. and Mrs. A. O. Thompson, of Bassano, who were soon leaving for eastern Canada.

The latter part of the evening was devoted to dancing, and young and old enjoyed a program of waltzes, fox-trots, and square dances. The band disbanded and went home at 10 p.m. a.m.

## Women's Institute Will Hold A Bazaar Nov. 6th

Three Splendid Prizes Will Be Given to Holder of Lucky Ticket

The Bassano Women's Institute will hold their annual bazaar, tea, and sale of home cooking on Tuesday, Nov. 6th. The affair will be held in the Oddfellows Hall from 3 to 6 p.m.

In addition to the tea and bazaar there will be a musical program, and also reading.

An added feature is the giving away of a complete set consisting of library table cover, radio cover, and a round pillow. This will be awarded to the holder of the lucky ticket. The tickets, selling for 25¢, are for admission to the tea.

Members of the W. I. having names in it are kindly asked to have it in to Mrs. Leonard or Mrs. Mauner on or before Nov. 2nd.

Charge for current.

Eight new street lights will be installed along the south side of 1st Street, between 1st and 2nd Avenues; at the corner of 2nd Avenue and 7th Street; at the corner of 1st Avenue and 5th Street; at the corner of 4th Street and 8th Avenue; at the corner of 4th Street and 9th Avenue; and at 2nd and 3rd Streets; at the corner of 4th and 5th Streets; at the corner of 3rd Avenue and 6th Street. The lights at the McKee's corner and the Hunter Hotel corner will be increased from 250 candle power to 500 c.p.

More Lights For Bassano's Streets

Under the new scale of rates being charged by the United Electric & Engineering Co. Bassano can install a number of new street lights without an increase in the monthly flat rate.

Mr. and Mrs. E. A. Sanderson and daughter Helen, from Wardlow, were visitors with the Bells on Wednesday.

## Countess News

COUNTESS, Oct. 19.—Mrs. J. Royer of Coopers has been visiting her mother, Mrs. Royal Burrows, for several days.

Forest Cowen, of Makapee, spent a few days last week visiting here with his brother, H. Cowen.

Mildred Ferguson, now attending high school in Gruen, was visiting her mother, Mrs. Ferguson, at Makapee.

Royal Burrows has invested in some coyote traps, and intends to "get 'em" this winter.

Mr. and Mrs. M. Gamble are at Gruen this week, visiting Frank Chamberlain with his threshing.

Howard Ferguson is driving a new 1928 Nash sedan.

Chas. Springer is assistant at an elevator in Indus.

Donald McDonald has been out of school on account of the flu.

Mr. and Mrs. G. Thompson are at the Countess' shanty this fall.

Mr. and Mrs. Gamble and the girls drove to Indus recently for a visit with the Kier family.

Don't forget the chicken supper at Letham on Friday, Oct. 19th.

Threshing About Finished Here

Practically all crops in the vicinity of Bassano are threshed. Mr. Kamp has still some swathed grain to be threshed, and will soon be finished.

Little grain is being hauled, as the elevators are filled up.

Practically all crops in the vicinity of Bassano are threshed. Mr. Kamp has still some swathed grain to be threshed, and will soon be finished.

Supper will be served by the members of the Women's Institute. The Jolly Boys five piece orchestra of Calgary has been engaged to provide the music for the occasion.

No definite steps were taken with regard to the master, and at present the church is without a minister.

Presbyterian Pastor LEAVING SOON FOR EASTERN CANADA

A congregational meeting was held in Kneale's Hotel, Gleichen last Friday evening after the service.

The meeting was held for the purpose of discussing what steps to take with regard to getting a new minister. Rev. A. O. Thomson offered his resignation with regret, and said it is expected to leave for eastern Canada.

No definite steps were taken with regard to the master, and at present the church is without a minister.

Composing Room Divulges Secrets

The famous studio of the Royal Northwest Mounted Police, "Get Your Man," has been adopted as the title of the Paramount current pictures starring Clara Bow, and showing in the Gem Theatre Friday and Saturday of this week, Oct. 19 and 20.

The picture is the result of a series of photographs taken in Paris and at a French chateau. It is the story of an American girl who falls in love with a French youth who has been engaged to another girl since birth, the girl having been born of a secret liaison between her father and the father of the hero.

Mrs. Bow appears as the American girl, one of the modern set, who, seeing no sense in traditions when they conflict with the edict of the heart, insists on marrying the man she loves, despite his father and the father of his fiancee.

Monte Blue appears as the French youth, a member of the aristocracy, who, though he loves the girl, is bound to marry the girl he has been engaged to since birth.

The picture is the result of a secret liaison between the father of the hero and the father of the girl he loves, despite the fact that the girl has been engaged to another man.

Calgary Man

New Proprietor Assumed Management Last Friday

Much Needed Additional Accommodation Will Relieve Crowded Conditions

Progress is being made in the building of the ward extension, the nurses' home and the isolation block as the new Masonic Hospital. The work is being advanced on both the isolation block and the nurses' home. These buildings have been almost completed on the outside, and one coat of paint applied to the walls and roofs. The plastering is to be completed in the wards and roofs. The doors have yet to be put in, and the inside woodwork is yet to be done.

Work is also well advanced on the hospital extension. This is on the northeast wing of the building, and the alterations and extension on this wing are completed, it will add to the hospital one large ward and three others.

PRESBYTERIAN PASTOR LEAVING SOON FOR EASTERN CANADA

The Masonic Community Hall will be the gathering place for witches, spooks, goblins, and many other weird characters on Wednesday evening after the service.

The meeting was held for the purpose of discussing what steps to take with regard to getting a new minister.

Rev. A. O. Thomson offered his resignation with regret, and said it is expected to leave for eastern Canada.

No definite steps were taken with regard to the master, and at present the church is without a minister.

## The Farmer and the Research Worker

The prairie provinces of Canada have completed the harvesting and threshing of the greatest grain crop in the history of Canada, judged from the standpoint of volume. It is conservatively estimated that the wheat crop alone will not be less than 500,000,000 bushels, and that the other four principal grains, oats, rye, barley and flax, will add close to another 500,000,000 bushels to the total bringing Canada's grain yield for the first time in history to over 1,000,000,000 bushels.

In almost every respect the season of 1928 was ideal from the standpoint of seedling, growing, cutting and threshing and the acreage served showed a substantial increase over former years. There was an absence of rust and other parasites, ample moisture, taking the country as a whole, and generally an absence of those conditions which result in a lowering of yield. The wheat crop, although it contained some broken wheat, was in August, when caught in late snow, crown and ears which from one cause or another had not matured. The result was disastrous from the standpoint of grades, and consequently materially lowering in prices of a large part of the total production.

According to a rough estimate of the Saskatchewan crop it is stated that about one-third of the wheat will be of the contract grades of 1, 2 and 3 mixed, while one-third will be of number 4, and that the remaining one-third will grade below that figure.

It is within the power of our farmers to partly offset the losses occasioned by dry seasons through the adoption of the most scientific methods of farming; they can increase yields and grades by using good, clean seed and by waging continuous warfare on noxious weeds; they can insure their crops against hail. But they stand helpless before the icy clutch of frost.

Addressing the annual convention of the Saskatchewan Division of the Canadian Weekly Newspapers Association, at Regina, recently, Hon. W. E. Matherwell said he knew of only one way to beat out Jack Frost, and that was to get ahead of him. He had reference to the development of wheat varieties earlier ripening than the standard. After a year of research valuable time gained through the development of Marquis over the old Red Fife, and brought the cheering message that as a result of the experiments this year with Garnet and Reward, there was every expectation that a further notable advance would be made. According to Mr. Matherwell where Reward wheat was grown by farmers in all the prairie provinces, under favorable conditions, it would bring a premium. In over 90 per cent of cases Reward was easily in the lead before the August frosts. He expressed himself as quite hopeful that western farmers would yet be in position where they could and would beat out Jack Frost.

Experiments have been conducted for some time past to determine to what extent the drying processes for damp wheat affects milling and baking qualities, and recent announcement is to the effect that, on the whole, the quality of the wheat is improved.

Now the Universities of the three prairie provinces and the Dominion Research officials are engaged in determining the effect which frost has on milling and baking qualities. Hundreds of farmers this year have had the experience of marketing wheat, weighing the full sixty pounds or more to the bushel but which because of frost effect on the chaff, has been graded as being below weight. This is due to the fact that when the chaff is removed there is a reduction that frost, while marring the appearance of the kernel, does not seriously affect the quality, and that the producer is sustaining a loss all out of proportion to the amount of damage done the grain; that, in a word, while the farmer produces less, the miller gains because he secures good hulling at a much less cost. The scientists are now trying to get at the cause of the difference.

The research workers for Governments and Universities working hand in hand with the farmers in endeavoring to advance the interests and prosperity of agriculture—through the development of earlier ripening grain, the elimination of rust, and in determining the actual effects of moisture and frost on the true composition of grain—have an effort to save the world from want of foodstuffs of Canada and elsewhere.

Canada is spending more money than ever before in scientific research work, and the Dominion Government announces that such expenditures will be still further increased. No body of men in the Dominion stands to gain more from such work and expenditures than do the farmers of the West. The whole weight of their influence should be back of this balanced policy.

### Model Baby At Balmoral

The Prince of Wales must by this time be one of the most widely travelled young men of his age. When he returns in January he will have officially visited 27 countries—South Africa, Australia, New Zealand, Malaya, Gold Coast, British East Africa, Kenya, Tanganyika, Rhodesia, Nigeria, Basutoland, Sierra Leone, Malaya, West Indies, United States, Argentina, Chile, Egypt, Spain, France, Belgium, Uruguay, Central America, China, and Japan.

### How Could He

"I can give you nothing. I have enough poor relations—my brother, my mother, my son."

"But your brother told me he never received anything from you."

"Brother? Well, if I give nothing to my brother, do you expect me to give anything to you?"

"Do right and fear no man. Don't write and fear no woman."

### Cuticura Baths Comfort And Refresh The Skin

Cleanse and freshen your skin by bathing daily with Cuticura Soap. If there are any signs of pimples, redness or roughness, follow with a gentle application of Cuticura Lotion. Cuticura Lotion is Cuticura Talcum, smooth, cooling and fragrant, in the ideal toilet powder.

An Oil of Willow Alcohol—Some oil of willow extractives are used as a prominent ingredient. A judicious mingling of six essential oils comprising 10% of the oil of willow, there is no alcohol in it, so that its effects are lasting.

Cloth woven by Mayana 2,000 years ago in America has been found, according to Prof. Frank B. Biggs, of Tulane University, New Orleans.

Minard's Liniment for sprains.

"Is Betty a good cook?"

"No, but she can change a tire!"

### Value Of Tourist Traffic

No Official Figures On Amount Of Money Spent Have Been Given Out

How much money do people from the United States have in Canada every year? No official figures have been given out, but guesses run all the way from \$100,000,000 to \$400,000,000. The Canadian tourist trade estimates that \$275,000,000 left by United States visitors to Canada in 1927, compared with \$140,000,000 in 1926.

This year there has been unusual interest in Canada. In Quebec, which caravans from the States entered in 1925, 425,000 cars were expected to enter this year. Ontario shows a much larger figure, but the length of stay is short.

It is estimated that 3,000,000 cars from the United States will have entered Canada before the close of the present year. Canada, seeing what is ahead, is busy spending millions of dollars for good roads.

### Touches that Add Style to Dresses

By MAE MARTIN

It's amazing to see how many styles of dresses are transformed by a few buttons, a little braid or the quick addition of buttons, bows, ribbons, or dyes. Dying, staining with them is easy as bluing, and dying takes just a little time. New colors appear like magic when the old ones fade. They give the shadow, never a hint of that faded look which comes from the London Gazette, dated Nov. 29, 1918, seventeenth month after the event, and it was under provision 13 of the law that the Queen appointed Captain the Victoria Cross while serving in the Royal Navy during the great war, the other being Lieut. R. Bourke of Nelson.

The action for which Commander Stuart was honored was published in the London Gazette, dated Nov. 29, 1918, seventeenth month after the event, and it was under provision 13 of the law that the Queen appointed Captain the Victoria Cross while serving in the Royal Navy during the great war, the other being Lieut. R. Bourke of Nelson.

The ship's company to select members of their personnel for the distinction that the Canadian was awarded the decoration by ballot. Commander Stuart was a colleague of no less a hero than the late Sir Ernest G. Macmillan, immediate past president of the Dominion Mortgagors and Investments Association, that Canada this year would be 15,000,000 or 20,000,000 pounds short of supplying her winter requirements.

The bush ships were a product of anti-submarine campaign. They consisted of small, refitted merchant marine vessels which carried search lights, gunnery, and anti-submarine weapons specially selected crews.

### Where France Kept Gold

Chamber Eighty Feet Below Ground Is Well Guarded

So much gold has been taken to France that it has led some to speculate where it was all going to be stored. The safe, feet below the Rue Beauvois, in Paris, exists in a room 10,000 metres square, with walls 90 feet thick, and a ceiling supported by 750 concrete columns.

The treasure chamber is reached by a deep, dark staircase, sloping down a staircase to a cavern where an eight-ton steel door faces the visitor. It opens by secret machinery and lets one into a room where an elevator is taking up the cold stones made. Here another such ponderous door is found, which would knock at some secret touch to allow entrance to the chamber where lies piled one of the largest stores of gold in the world.

### Albion Is Honored

The distinguished medical model of the American Legion, highest honor that members of the former service men's organization can confer, was presented to Francis J. Vincant, Albion, of Great Britain, by Col. Alexander Edward E. Spofford, at the Legion Convention at San Antonio, Texas.

### Not a New Business

Endless of running men 12 years ago in the United States, the same to the houses in Mobile, Alabama. Customs agents, searching through old federal records, found a tiny scrap of paper—evidently the last paragraph of a bill of lading, a formal federal document of the discovery of 145 quarts presumably liquor, submerged in a marsh.

An Oil of Willow Alcohol—Some oil of willow extractives are used as a prominent ingredient. A judicious mingling of six essential oils comprising 10% of the oil of willow, there is no alcohol in it, so that its effects are lasting.

Cloth woven by Mayana 2,000 years ago in America has been found, according to Prof. Frank B. Biggs, of Tulane University, New Orleans.

Minard's Liniment for sprains.

"Is Betty a good cook?"

"No, but she can change a tire!"

### A Double Escape

DOCTOR'S DAUGHTER'S STORY

Another Toronto home provides evidence of the way to deadly blood-poison, and how vital is the need for early treatment.

When called upon at 3, Bushnell Avenue, Mrs. J. E. Zeiler, daughter of Dr. J. E. Zeiler, of 1000 Yonge St., said— "My boy Alfred scratch'd his leg with the brass ring of a shoe lace and it became infected and it defied all the usual ointments. Hearing splendid reports about Zam-Buk, I sent him to the doctor, and in my relief, the boil soon healed and the dangerous matter quickly removed by Zam-Buk, and it healed the sore.

"Again when I fell over a steel ladder and injured my knee badly, Zam-Buk again came to the rescue. I am in no way of opinion that only an operation could remove the mass of inflamed tissue, but Zam-Buk, once applied to the sore, cleaned it out and it healed all the usual ointments.

"I am grateful to the Bayer Company for Zam-Buk at fifty cents a box. Equally valuable for eczema, pimples, cuts, burns, etc.

### Made Commander In Royal Naval Reserve

Canadian Awarded V.C. In Great War Receives Promotion

The promotion of Lieut. Commander Ronald N. Stuart, V.C., D.S.O., to Captain has been the latest honour to the rank of commander, recals the exploit for his participation in which Commander Stuart received the highest decoration for bravery in the First World War.

Stuart was one of two Canadian recipients of the Victoria Cross while serving in the Royal Navy during the great war, the other being Lieut. R. Bourke of Nelson.

The action for which Commander Stuart was honored was published in the London Gazette, dated Nov. 29, 1918, seventeenth month after the event, and it was under provision 13 of the law that the Queen appointed Captain the Victoria Cross while serving in the Royal Navy during the great war, the other being Lieut. R. Bourke of Nelson.

The ship's company to select members of their personnel for the distinction that the Canadian was awarded the decoration by ballot.

Commander Stuart was a colleague of no less a hero than the late Sir Ernest G. Macmillan, immediate past president of the Dominion Mortgagors and Investments Association, that Canada this year would be 15,000,000 or 20,000,000 pounds short of supplying her winter requirements.

The bush ships were a product of anti-submarine campaign. They consisted of small, refitted merchant marine vessels which carried search lights, gunnery, and anti-submarine weapons specially selected crews.

### Public Flying Clubs

By ROBERT H. LINDNER

The number of flying hours

The public flying clubs of Toronto and Montreal are leading their sister clubs throughout the country in the matter of flying hours registered by the members, according to the latest statistics available at the civil aviation branch of the department of national defence.

The Toronto 'plane has registered 2,676 flying hours, Montreal 590 hours, Ottawa, 77 hours, and Calgary 37 hours.

Other clubs and their records follow:

Regina, 368 hours; Edmonton, 266 hours; Victoria, 77 hours; and Calgary, 37 hours.

### WHEN YOUR BABY CATCHES A COLD

In spite of all precautions little ones will take colds—especially during the winter days of cold weather. When the first symptoms appear— sneezing, redness of the eyes, runny nose, noisy baby! Your babies should be given a dose of "Dye Craft," my new book of directions for babies, and will be sent you FREE. Write to Mayana Diamond Dyes, Windsor, Ontario.

Regina, 368 hours; Edmonton, 266 hours; Victoria, 77 hours; and Calgary, 37 hours.

Other clubs and their records follow:

Regina, 368 hours; Edmonton, 266 hours; Victoria, 77 hours; and Calgary, 37 hours.

### THE BASSANO MAIL

Published Every Thursday

L. D. Nesbit and W. J. Smith  
Publishers

Walter J. Smith, editor

Subscription—\$2.00 a year in Canada

\$2.50 to the United States

It is said that local Indians were using accordions music to lure seals to the mouth of the Irrawaddy river. They are also experimenting with bagpipes music to dispatch the seals, and if it doesn't injure them for this method of hunting will probably become quite common.

Bassano will soon have a number of new street lights. The electric company makes a minimum charge for lighting, but under the new scale of rates the number of street lights can be increased from 30 to 35 or 36 and still keep within the minimum charge. As there are a number of dark corners that should be illuminated at night it is well to install more street lights and get the full benefit of what we are paying for.

### A QUESTION OF LAW

Every day the City of Calgary is breaking the law, by dumping raw sewage into the Bow River. This is a direct violation of the Public Health Act, and constitutes a serious menace to the health of the people of Bassano who use the Bow River water. For years Calgary has defied the provincial authorities. This may have probably become so accustomed to doing it that now they think they can do it with impunity. Bassano had to conform to the Public Health Act and build a sewage disposal plant. Calgary should be made to do the same. It is time for the Board of Trade to step forward into the breach. It is certainly wrong for Calgary to do it.

For years Calgary has been breaking the law, and continues to break it, with never a word of protest from the provincial health authorities. The public health act is to conform with the health regulations, but Calgary has been passed up and allowed to do as she pleases.

Just because Calgary is a big and powerful centre is no reason why she should be allowed to break her obligations and defile the streams.

The health of the people of Bassano is just as important as the health of the people of Calgary. We want the protection afforded by the Public Health Act, but we can't get it because we are not following the act and defying the provincial "powers."

The situation is one which demands immediate action. If the provincial Health Act was meant to be enforced the government should see that it is enforced insofar as it affects cities as well as towns. There should be no discrimination.

### GROWTH OF THE NORTH

The town of The Pas, in the mining area of northern Manitoba, is to be enlarged.

With a present population of 5,000 and growing rapidly, the town is enjoying a remarkable era of prosperity and growth. From an obscure frontier town, known chiefly as the place where the annual dog derby was held The Pas has developed into the most important centre in northern Manitoba.

As the southern terminus of the Hudson Bay Railway, and the Flin Flon railway, and a distributing point for the mining districts of Flin Flon, Gerrard Gordon, Cold Lake, and others, it occupies a commanding position.

The northern sections of prairie provinces are now undergoing rapid and extensive development. In our own province of Alberta, the Peace River country is rapidly making headway, and this new empire of the north will soon rival the southern part of the province in population and production of grain and livestock.

Stefferson the Canadian Arctic explorer, said some years ago "The course of empire is moving northward." And he was right.

There is a pleasure in the pathless woods.

There is a rapture in the lonely shore;

There is society where none intrudes,

By the deep sea, and music in its roar.

—Byron

Little do we know our own blessedness; for to travel hopefully is a better thing than to arrive, and the true success is labor.

—Robert Louis Stevenson.

No Trouble.

Customer (in drug store): "I want a little pink tablet."

Druggist: "What's your trouble?"

Customer: "I want to write a letter."

### THE UNKNOWN REPORTER

By Leo Shipton

Jim Keene was a reporter on the Triad.

Who didn't get a by-line once a year,

he didn't pay away.

At some time he might come

other fellow cheer.

He wrote the piece that built a home

for orphans.

He helped to win the teachers

and, though nobody knew, he was the

father who

Got the facts which brought the

gunman's gang to bay.

Wherever there was penitence or

strife,

Jim went beside the doctor or the

cop.

He wasn't any beauty and he never

had any money either

make him stop.

He wrote the stuff that brought the

girls to babies.

He wrote the true' which brought

despot down.

Tough enough to stand up to it, it was

Jim, first named and said it.

And then proved it, and set free

the whole blighted town.

So when people talk about the Un-

known Soldier.

And proudly may deserved respect

to him.

Though I hear the rat-tat-tat of

machine guns and all that.

Sometimes a show always makes

me think of Jim.

With his rat-tat-tat-tat-tat old

typewriter.

Fighting battles for mankind each

day and all—

Yes, by the way, there's Jim and

Jim is thousand more like him;

This old world is pretty safe,

though heaven's fall!

A Damp Doom

"According to a naturalist," says a London newspaper, "there is a fish that washes its young." But how in the world are the little ones dried?

Certainly Not

Prosecuting Attorney: "Your Honor, the sheriff's bull pup has gone and chewed up the court bible."

Judge: "Well, make the witness

the bull pup. We can't adjourn for a week to hunt up a new bible."

—Byron

Matriarch: "Whatever could you have been thinking of to steal all those sheep?"

Accused: "I dunno, your worship. I must ha' been wool-gathering."

## The Latest Development In Circulator Heaters

Pleasing in appearance and perfect in heat circulating. The extra large air passing capacity, the extra large fire door, the extra deep fire pot, the extra large combustion chamber, the new grates that can be withdrawn without the use of tools and the humidifier built in to keep the air moist, these are some of the things which make these heaters efficient and economical on coal.

## WORLD HAPPENINGS BRIEFLY TOLD

The demand for registered telegrams next year will be even greater than in previous seasons in the opinion of the Saskatchewan Registered Seed Growers' Association in Moose Jaw.

Dr. S. Parkes Cadman, chairman of the China famine relief organization in New York, has estimated the formation of the reported massacres of about 200,000 persons by fanatic Moslems in Kansu Province, China.

For the twelve months ending August 31, the Dominion Bureau of Statistics reports that alcohol beverages sold from Canada to the United States were exported from Canada to the United States.

More than 1,000 Saskatchewan old timers were in receipt of old age pensions under the plan approved at the last session of the provincial legislature in the end of September and there are about 2,000 more applications under investigation.

Capt. T. P. Worsop, 64, formerly Port warden of Vancouver and one of the first to enter the Canadian diamond mining field, died at his home during the gold rush, died at his home in Kamloops, B.C., after an illness of several months.

Stocks of surplus military explosives, including more than 1,500 pounds of TNT, commanded by the government during the World War, have been put to industrial uses, the United States Bureau of Mines reports.

Men would do well to carry the fair sex in the form of scant garments, Dr. George R. Walker, of the New York Academy of Medicine, says, to physicians conferring at the New York Academy of Medicine. Short skirts and light clothing worn by women prevent pneumonia, he said.

Up to October 8 this year, 100,439 Saskatchewan people have received licenses for privately owned automobiles. The total number of cars licensed, not including the licenses issued to dealers, is 116,036. During the corresponding period of the previous year, the total was only 102,326.

Dr. Wilhelm Groener, minister of defense, has issued a decree ordering all officers of the Reichswehr to leave any function at which the former kaiser or any of the former ruling princes were present. The regular members are ordered to observe if any function should develop into a demonstration against the German republic.

**He Didn't Think DYSENTERY COULD BE RELIEVED**

Mr. John Melville, Fenton, Alberta, who had a severe case of dysentery and when I came home from overseas I suffered greatly with dysentery. The doctor told me it was a bad case and I think it could be relieved. However, he dosed me for quite a while, but did no good. One day the druggist said me it had cured itself.

A Fred of Wild Strawberry

Decidedly smart is the frock pictured here. The pointed bodice is joined to the skirt having plats at the waistline, a wide belt with a shaped collar, and long sleeves gathered to deep cuffs. No. 1576 is in sizes 34 to 38, and costs \$12.50. Size 36 requires 2½ yards 36-inch or 2½ yards 40-inch material, and ¾ yard lace.

Price 20 cents the pattern.

Every woman's desire is to achieve the style of the dress shown above, which draws favorable comment from the observing public. The designs in the "Frock Book" and "Style Book" are originated in the heart of the style bazaar and will help you to attain the latest demand of individuality. Price of the book 10 cents the copy.

The Victoria Wheat Pool is an

organization in future years the greatest of Alberta's crop will seek the world's market. The world's Pacific tide-water is evident from that organization's activities in building and acquiring terminal elevator space at Vancouver and Prince Rupert.

Just recently a great new terminal

has been completed for the Alberta Pool at Vancouver, by the North Columbia Construction Company, J. W. Stewart, and with C. D. H. H. Company, recognized as one of the foremost designers of terminal elevators, the engineers. The capacity of this new terminal is approximately 1,000,000 bushels, bringing the total storage controlled by the Alberta Pool on the Pacific coast up to 5,300,000 bushels.

"On my recommendation I bought a bottle and after I had taken it got some relief, so I got two more, and however, the doctor had the dysentery since 1912."

Put up only by The P. Millions Co., London, Ontario, Canada.

N. W. U. 1724

## Peru Has Automatic Phones

Courteous Conversation With Telephone Girl Thing Of Past

new automatic telephone in Lima, Peru, has been described as the most courteous and leisurely conversation with telephone girls.

"Do me the favor, Senorita, to put me in touch with number so-and-so,"

the most courteous formula for making a call there.

If delay occurs, polite remon-

strance may be expressed as follows:

"No answer? But it appears to me,

Senorita, that an error is possible

in the kindness to try the number again?"

The phone girl answers a call by

giving their individual number, such as "32," to the questions about service and may be truly surprised if the person she introduced more than a year ago by the manager of the local company, after he had read, a United States dispatch saying that such a system was used in Moscow.

### The Cheeky Giver

"Here, Benny," said Mr. Bloom, bumper to his young son, as the latter started to church, "here is a five-cent piece for you. You're a good boy, Benny." The preacher said the Lord had given a cheerful giver and I knew I could give a nickel a good deal more cheerfully than I could give a quarter, so I put the nickel in."

### What Is Good Advice

Rockefeller's Idea Of How To Get On In World

From New York comes a new story concerning John D. Rockefeller, the multi-millionaire.

A young man asked his advice as to how best to get on in the world.

"Work hard and set yourself to buy a good watch," was the reply.

"To what?" asked the listener, and when you've bought the gold watch?"

"You don't buy a gold watch," replied Mr. Rockefeller, "you buy a gun and start and start all over again for a motor car."

"Well, you remember the watch, it's not a fool, and go on walking to business."

## Medical Officers For North

### Steps Taken To Care For Natives In Arctic Zone

Realizing that the further development of the Canadian north depends to a large extent upon a healthy and happy population, the medical department of the interior has ever maintained efforts to this end. An important step taken since the Department assumed the administration of Eskimo affairs has been the decision to station medical officers on the Arctic coast and islands. Dr. L. D. Livingston, whose work among the Eskimos of Baffin and other Arctic islands is covered in a series of years, returned north with the ship Arctic this summer, and after a visit to the various posts with the ship he disembarked at Pangnirtung to resume his work among the natives there.

Another post at which it was decided to place a medical officer before winter set in was Akavik, in the delta of the Mackenzie River. In making the official announcement of this vacation appointment were received from a number of competent physicians, and Dr. W. M. Wilkinson, of Ellesmere, in northern Ontario, was selected. His sudden death from a heart disease, however, necessitated the selection of another officer. Dr. J. A. Urquhart, of Mountain Park, Alberta, who is a graduate of McGill, a veteran of the great war, and a member of the Royal Canadian Medical Corps, was appointed to replace him. His qualifications were excellent, and his appointment was approved. He left Edmonton on August 21, in order to catch the last boat this season from Fort Smith, N.W.T., down the Mackenzie to Akavik. Dr. Urquhart, added to his work among the natives, will also give medical assistance to the representatives of other federal departments in the north, namely, the Royal Canadian Mounted Police, the Department of Indian Affairs, and the Department of National Defence (Royal Canadian Corps of Signals).

Proves Gulf Stream Unchanged

Boaties Found To Have Followed Exact Direction Charted

Boaties found by Breton fishermen bear out the contention of the National Geographic Society, in Washington, that the Gulf stream has not changed its course.

The peasants are indifferent; the upper classes are disinterested; middle classes are apathetic; antagonists and the intelligent are largely anti-Christian," said Bishop Henson, "and the owners of wealth are self-indulgent and materialistic."

"The contrast between wealth and poverty, between learned and ignorant peoples, between activities of wealth and abhorrent inactivity of the unemployed, are being reproduced, exaggerated, and proclaimed by the cinema, popular press, and illustrated society journals. New ideologies have entered into the inequalities of wealth."

Small boy: "Say, sister, give me a pound of oysters."

Dealer: "We sell oysters by the pound, my boy, not by the pound."

Small boy: "Well, then, give me a yard."

Women voters outnumber men in four constituencies in England, and in two of these, Cheltenham and one Glasgow division, the present M.P.'s are bacchans."

Small boy: "One of your references is missing."

New Maid: "Yes, ma'am, it really didn't do me justice."

We understand that there is a Scotsman in Greenland who keeps his thermometer in the house so it won't freeze.

Mistress: "One of your references is missing."

New Maid: "Yes, ma'am, it really didn't do me justice."

Small boy: "I understand that there is a Scotsman in Greenland who keeps his thermometer in the house so it won't freeze."

The heart of the average adult is about 3½ inches broad and 2½ inches thick.

Small boy: "I'm doing well young fellow," said the shipping clerk, "but the shipping company, the foreman praises you to the skies."

Small boy: "It's soon he'd praise me to the bone, it was the quiet reply.

No matter how shabbily you look, home like any true friend, won't go back on you."

## Demand For Registered Seed

For Registered Seed

Next year will be even greater than in previous seasons in the opinion of the officials of the Saskatchewan Registered Seed Growers' Association in Moose Jaw.

With the new Alberta Wheat Pool terminal is an

anticipation in future years the great

bulk of Alberta's crop will seek the

world's market. The world's Pacific

tide-water is evident from that

organization's activities in building

and acquiring terminal elevator space

at Vancouver and Prince Rupert.

Decidedly smart is the frock pic-

tured here. The pointed bodice is

joined to the skirt having plats at

the waistline, a wide belt with a

shaped collar, and long sleeves

gathered to deep cuffs. No. 1576 is in

sizes 34 to 38, and costs \$12.50. Size 36

requires 2½ yards 36-inch or 2½

yards 40-inch material, and ¾ yard

lace.

Price 20 cents the pattern.

Every woman's desire is to achieve

the style of the dress shown above,

which draws favorable comment

from the observing public. The

designs in the "Frock Book" and "Style

Book" are originated in the heart

of the style bazaar and will help

you to attain the latest demand of

individuality. Price of the book 10

cents the copy.

The Victoria Wheat Pool is an

organization in future years the great

bulk of Alberta's crop will seek the

world's market. The world's Pacific

tide-water is evident from that

organization's activities in building

and acquiring terminal elevator space

at Vancouver and Prince Rupert.

Our motto—“We Sell The Best For Less”

Joe Woogman Proprietor

The time for the Bassano's  
mangnificent dance, Oct. 1st, is drawing  
near, and costumes are being  
prepared for the big event.

Mr. and Mrs. J. Allen visited in  
Huscar last Sunday with Mr. and  
Mrs. W. C. Reuter.

#### WEDDING

Miss Mahala Abby and Mr. Alfonso  
C. Larson, of Bassano, were married  
in Bassano on Sept. 28th by the Rev.  
A. O. Thompson. Mrs. Nettie Tatson  
of Lethbridge, was bridesmaid, and the  
groom was assisted by his brother,  
W. H. Bryan.

The young couple were married  
quite without the knowledge of their friends, and announced it only  
a short time ago.

Manager (to boy applying for a  
job) "Where does your father work,  
my lad?"

"Boys we used to work in a brew-  
ery, sir, but we left the scene."

"Got the cash?" What for?"

"For stock-taking, sir."

"Say, old man, what does your wife  
say when you come home late?"

"Oh, she becomes historical."

"Hysterical, you mean."

"No, I mean historical. She digs  
up the past."

### Wheat Pool Notes

Alberta Wheat Pool has made  
its final payment, this being \$2.4c  
per bushel, or 1 cent above the  
1927—\$2.36 Pool, except for a few minor  
grades. The total of this payment  
was \$1,965,685.50.

Pool paid the following prices  
for wheat delivered from the 1927  
crop: 1 Northern \$1.42½; 2 Northern  
\$1.42; 3 Northern \$1.41½; No. 4  
\$1.41 2/4; No. 5 \$1.40½; No. 6 \$1.40 1/4;  
Pool \$1.40.

When the Wheat Pool distributed  
its second interim payment last July 4th per bushel were estimated to provide  
for total elevator reserve, interest  
paid to farmers and administration costs. It  
was found that 3½ per bushel were  
required for these purposes so the one-half cent balance was included  
in the final payment along with the  
3½ per bushel received from the  
Central Selling Agency.

The elevators were losing money during  
the year past 9-10¢ of a cent per  
bushel. The elevator reserve deduction  
was 2¢ per bushel, and the commercial  
reserve was 1-1½ c.

The elevator reserve, now total,  
approximately \$1,000,000. This money  
has been used to pay for over 200  
elevators and the Alberta Pool's  
share of the terminal elevator at the  
head of the lakes. The commercial  
reserve now totals approximately  
\$1,500,000.

The reserve funds are required  
to develop the physical facilities of  
the Wheat Pool; the organization is extending very rapidly at the  
present time. An aggressive elevator  
building program is being carried  
out.

Each member is credited with his  
share of the elevator reserve and  
commercial reserve according to the  
number of bushels delivered. Interest  
at the rate of 6 per cent is paid to  
each member in cash. In this way a  
real asset is being built up for the  
growers, and the market value of  
the organization is building up a comprehensive  
and modern elevator system.

The issuing of the final payment  
for the 1927 crop ends the business  
of the Wheat Pool for the 1927 crop.  
During the time the Canadian Wheat Pool handled  
approximately 750,000,000 bushels of  
grain, with a turnover of one billion  
one hundred million dollars.

The pools are entering the second  
contract period with a great deal of  
confidence, and are working steadily  
and surely on comprehensive plans  
to develop pool facilities all along the  
line.

In making the final payment the  
Alberta Wheat Pool issued 47,000  
cheques. This required the labor of  
40 employees for three weeks. Before  
cheques are issued the ledger  
accounts have to be balanced in  
bushels and in dollars, and cents.  
These checks are issued and balanced  
in this way the number of  
checks is at a minimum.
